**Re: Notice of *Ex Parte* Communication of Gogo LLC and LiveTV, LLC
WT Docket No. 12-155, ULS File No. 0005185165**

Dear Ms. Dortch:

On March 21, representatives of Gogo LLC ("Gogo"), LiveTV, LLC ("LiveTV"), and JetBlue Airways ("JetBlue") held a conference call with Renee Gregory, Legal Advisor to Chairman Genachowski, to discuss the above referenced application and associated waiver request regarding the assignment of LiveTV's 1 MHz air-to-ground ("ATG") license to Gogo. Gogo was represented by John Wade, Executive Vice President and General Manager for Aircell; Bill Gordon, Vice President, Regulatory Affairs; and Michele Farquhar, counsel to Gogo. LiveTV was represented by Robert Combs, Vice President, and Christina Burrow, counsel to LiveTV. JetBlue was represented by Jeffrey Goodell, Vice President, Government Affairs.

During the call, the parties discussed the need to expedite the Bureau's action on the pending application. A swift decision on this transaction is critical to provide sufficient time to transition LiveTV's customers, which include Federal agencies, to Gogo's network before LiveTV's legacy radio equipment is obsolete and discontinued. There is also high demand for Gogo's ATG service and prompt action by the Bureau on the application and waiver request is necessary for Gogo to make business decisions regarding additional technology and spectrum acquisitions to address future capacity constraints.

Pursuant to Section 1.1206(b) of the Commission's rules, I am filing this notice electronically in the above-referenced dockets. Please contact me directly with any questions.

Respectfully submitted,

/s/ Michele C. Farquhar
